2022

Hunterdon Health

We Win BIG AWARDS for Doing The LITTLE THINGS

Hunterdon Health earned the nation's top distinction for patient safety with an "A" grade from the Leapfrog Hospital Safety Grade. The "A" recognizes our high standards in patient safety. This honor belongs to every member of Hunterdon Health, who work every day for our patients.

The Leapfrog Hospital Safety Grade is an elite designation from The Leapfrog Group, a national, independent watchdog that sets the highest standards for patient safety in the United States.

Hunterdon Health
HunterdonHealth.org

Dear Friend,

Family is important to me and the more than 2,600 employees working throughout Hunterdon Health. We consider our patients part of our Hunterdon Health family. Each patient encounter is treated as if they were a loved one.

Hunterdon Health is here for your preventive care and when you are ill. Quality care, close to home. This was the idea that gave birth to Hunterdon Medical Center over 69 years ago. Our founders understood the importance of having a primary care physician and promoting health and wellness beyond the hospital.

Today, we reap the benefits of their innovative approach. We have built a strong network of primary care physicians and specialists throughout Hunterdon, Somerset, Warren and Mercer counties.

The **Hunterdon Health Resource Guide** will help you find a physician, specialist or service offered throughout Hunterdon Health System. We hope you keep it as a source of information to assist you in your health care needs.

If you need us, we are here. I encourage you to call our Hunterdon Health Physician Referral Service at 1-800-511-4462 to answer any questions you may have regarding our services.

Whether you are new to Hunterdon Health or an old friend, we welcome you to our family of care.

To your good health,

Patrick J. Gavin

Patrick Gavin
President and CEO, Hunterdon Health

We practice the 4 "S's" To Keep You Safe

Hunterdon Health never stops caring for our community – even in a time of crisis. Your health, well-being, and safety is at the forefront of everything we do. To help ensure your safety while visiting our practices and facilities we practice the 4 "S's"

SAFETY GEAR - From face masks to eye goggles and gloves, we make sure all employees and patients are protected.

SANITIZE - We enforce strict sanitization protocols for all rooms, surfaces, equipment, and hand hygiene.

SCREENINGS - Every employee is screened before work and every patient is screened before meeting with a provider.

SOCIAL DISTANCING - Stringent social distancing measures that bypass the waiting room altogether or use properly spaced waiting room chairs.

We're accepting appointments now!

Hunterdon Health

Hunterdon Health delivers compassionate and exceptional care that improves the health of the community. A non-profit organization, Hunterdon Health provides a full range of quality, integrated services and programs that respond to the needs of the community. Hunterdon Medical Center, a 178-bed teaching hospital and Magnet designated facility, the nursing profession's highest honor, provides comprehensive medical, diagnostic, surgical, behavioral health, rehabilitative and preventive health services for inpatients and outpatients.

Heart and Vascular Care. A knowledgeable staff of physicians, specialists, nurses and technicians bring you the most advanced cardiovascular care in New Jersey. A full array of cardiac care services is available, from pre-hospital care, provided by paramedics of the hospital's Mobile Intensive Care Unit, through the Emergency Department and Intensive/Cardiac Care Unit services, a specialized Cardiovascular Center, a multi-phase cardiopulmonary rehabilitation program, and cardiac testing services. In addition, our cardiac catheterization suite offers patients a powerful tool in the diagnosis and treatment of heart disease, as well as carotid and peripheral arterial disease. The facility is designated a Primary Stroke Center by the New Jersey State Department of Health and Senior Services, and certified by the Joint Commission, the American Heart Association, and the American Stroke Association as a Primary Stroke Center.

Cancer Care. The Hunterdon Regional Cancer Center offers comprehensive medical and radiation oncology services, early detection and screening programs, nutritional support, genetic counseling, psychosocial support, clinical research and education programs. Hunterdon Regional Cancer Center is accredited by the American College of Surgeons' Commission on Cancer as a community hospital cancer program and designated by the National Cancer Institute (NCI) as a National Community Oncology Research Program (NCORP).

Primary Care by Hunterdon Health is offered through an expansive network of primary care and pediatric physician practices. A primary care physician serves as a medical home, overseeing all of the patient's healthcare needs, including coordination of care with other physicians and services.

Maternity & Child Healthcare. The Maternity & Newborn Care Center at Hunterdon Medical Center features 20 private patient rooms, postpartum suites designed with all the comforts of home, state-of-the-art obstetrical operating suites for Cesarean deliveries, and a Level II Special Care Nursery available for early deliveries, emergency situations, or for newborns with a medical problem with 24-hour coverage by board-certified neonatologists and pediatricians. A wide range of childbirth education classes, access to a customized Health App, board-certified lactation consultants, and after-baby support are also available. Hunterdon Health's primary care and pediatric practices offer a medical home for sick and well visits in a variety of locations across four counties.

Hunterdon Wound Healing Center. A dedicated team of physicians and nurse specialists at the Hunterdon Wound Healing Center applies the latest therapeutic methods to cure non-healing wounds. Hyperbaric oxygen therapy is also available.

Surgery. When you have surgery at Hunterdon Medical Center, you will have access to the most advanced technology, expert surgeons and personalized patient care. Our surgeons specialize in breast, head and neck, gynecologic, orthopedic, plastic, bariatric, neurologic, podiatric, urologic and general surgeries. Hunterdon Health also has interests in the Hunterdon Center for Surgery and shares ownership of the Bridgewater Ambulatory Surgery Center.

Home Health Services. Through the hospital's certified Home Health agency, nursing and other services are available in the home, including physical, occupational, and speech therapy, social work, and home infusion.

Center for Nutrition and Diabetes Management. The Center provides education, support groups, blood sugar monitoring, nutrition counseling and fitness programs. This program is recognized as a Center of Excellence by the American Diabetes Association and includes a dedicated staff of registered diabetes nurse educators and dietitians.

The Center for Bone and Joint Health is committed to all aspects of bone and joint care with the goal of restoring quality of life as quickly as possible. The Joint Replacement Program starts with pre-admission education classes and follows patients after discharge to assure they reach their optimum level of activity. The Center for Bone and Joint Health team includes, orthopedic surgeons, registered nurses, dietitians, physical and occupational therapists, home health professionals and exercise physiologists. The goal is for patients to be able to return to their normal activities and enjoy a healthier lifestyle.

Diagnostic Imaging Services. Hunterdon Health's diagnostic imaging services include a LightSpeed CT Imaging System, ultrasound, MRI, digital mammography and nuclear medicine. The healthcare system utilizes digital imaging, or Picture Archiving Communication System (PACS), which allows for immediate access to images with the ability for multiple physicians to view reports simultaneously. Faster turnaround of images means quicker diagnosis and expedited patient care.

Hunterdon Behavioral Health offers a broad spectrum of counseling and therapy programs, and is the principal provider of mental health services in the community. Services include individual, family and group therapy; community outreach; psychiatric evaluations; adult and adolescent partial intensive outpatient program; addiction treatment services; a school based youth services program and a family crisis intervention unit.

The Sleep Disorders Center monitors, evaluates and treats sleep disorders in adults and children. The Sleep Disorders Center is located at Hunterdon Medical Center.

Hunterdon Health & Wellness Centers are located in Whitehouse Station, Clinton Township and Lambertville, and integrate fitness, disease prevention, rehabilitation and health enhancement.

Physical and Occupational Therapy is provided at eight convenient locations as well as for patients in the main hospital campus. Oncology Rehabilitation is also available at Hunterdon Medical Center.

Hunterdon Center for Healthy Aging includes a geriatric assessment program for those with complex and/or multiple health concerns. The Central Jersey Regional Memory Center provides individuals with memory concerns a place to go for early detection, compassionate care and memory loss education.

Hunterdon Older Adult Program is an in-home counseling service for Hunterdon County adults age 60 and older. Maintaining safe independence, self sufficiency, and quality of life are our main goals. Services include in-home counseling, consultation, information services, advocacy, and linkage to community resources. Caregiver support groups and speaker services are also available.

Hunterdon Hospice is a Medicare-certified, non-profit organization providing physical, spiritual, psychosocial and bereavement support for persons and their families with a life-threatening illness. Care is provided primarily in the patient's home, allowing families to be together, sharing the patients' final days in peace, comfort and dignity.

The Child Development Center is dedicated to providing comprehensive multidisciplinary diagnostic, therapeutic, and educational programs and services in a family-centered community-based environment. Related programs include: Developmental Pediatric Associates, Pediatric Rehabilitation, Team Evaluations, Special Child Health Services, Early Intervention Program and Speech and Hearing Services.

Hunterdon Family Medicine Residency Program. Hunterdon Medical Center is also a teaching institution and is affiliated with Rutgers – Robert Wood Johnson Medical School. The Hunterdon Family Medicine Residency Program is one of the first in the nation for the training of specialists in family medicine.

Urgent Care Centers. The Hunterdon Health Urgent Care Centers are located in Flemington and Raritan. Services include treatment for allergies and colds, cough/sore throats, acute illness, flu, pneumonia, bronchitis, urinary infections, injuries, conjunctivitis, cuts/minor burns, sprains/fractures, pains, animal bites/insect stings and more. For our patients who currently see a Hunterdon Health practice, the Urgent Care will be able to view that patient's medical record from their primary care office or specialist so the care will be coordinated and seamless.

Occupational & Corporate Health Services offers programs and services to businesses to promote health and wellness through customized worksite solutions. Services support the full employment cycle from pre-employment to post-employment including physicals, injury care, diagnostic testing and immunizations as well as onsite health clinics and services.

Hunterdon Palliative Care program offers specialized care, expert symptom management, as well as spiritual and emotional support for those living with serious illness.

For More Information. Visit us online at www.hunterdonhealth.org or contact the Public Relations/Marketing Department of Hunterdon Medical Center at 908-788-6157. You may also call our Physician Referral Service at 1-800-511-4HMC (4462).

Listed here are the names, addresses and telephone numbers of physicians and allied health providers on the medical staff of Hunterdon Medical Center and members of the Hunterdon Health System.

Active Medical Staff

The Hunterdon Health System medical staff is comprised over 400 physicians. Members of the active medical staff are full-time specialist physicians, many of whom have offices at the Hunterdon Doctors Office Building adjacent to the hospital, and family medicine specialists with offices throughout the community. They provide outpatient and inpatient services and are the faculty for the hospital's residency program for training family physicians.

Courtesy Staff

Practitioners on the courtesy staff provide additional specialist and family medicine services and may provide inpatient care at Hunterdon Medical Center.

Consulting Staff

Consulting staff members provide consultative services upon referral from the medical staff.

Affiliate Staff

Affiliate staff members are dentists who have privileges to admit and treat patients in their specialty.

About Our Hospitalists

This program provides physicians who specialize in medical care for pediatric and adult inpatients. The hospitalist communicates with your primary care physician to ensure continuity of care and appropriate post-discharge care.

Your Medical Home

We believe that patients are best served by having an identified primary care physician. Your "personal physician" and his/her colleagues will be your Medical Home. This should be your first point of contact with the healthcare system for all your medical needs, except for emergency care. Any specialty physician should communicate their findings to your Medical Home. Your personal physician will:

- Provide follow-up care for your current condition.
- Provide continuous and comprehensive care through all stages of life.
- Be responsible for the coordination of all your care through all parts of the healthcare system.
- Direct you to the most appropriate specialists to provide that care when needed.
- Advise you when you are presented with different options for your care.
- Help to monitor all your medications to avoid interactions and duplication.

Have a Happy Birth Day.

Every soon-to-be parent dreams about the very magical birth day of their baby.

At **Hunterdon Health**, we want your **birth** day experience to be your happiest. From our private family and post-partum suites, to around-the-clock care and attention of our board-certified OB/GYNs, Magnet-designated* nurses, and skilled midwives we are committed to making all of your **birth** day wishes come true.

Maternity and Newborn Care Center

*The American Nurses Credentialing Center's Magnet Recognition Program® distinguishes health care organizations that meet rigorous standards for nursing excellence. This credential is the highest national honor for professional nursing practice.
