LETTER FROM

OUR PRESIDENT | **Patrick J. Gavin, MPH, MBA**

As I reflect on the past year and the remarkable journey we have embarked upon together, I am filled with immense gratitude and pride for what we have achieved. The Foundation's annual report is not just a reflection of our financial health and the generosity of our community; it is a testament to the unwavering dedication and commitment of our staff, incredible clinicians, and the extensive range of programs and services we offer. Because of this collective effort, complemented by your generous donations, Hunterdon Health stands as one of the best hospitals in New Jersey.

Our accolades speak volumes about the quality of care and the level of service we are committed to providing. Being recognized as a Medicare 5-Star hospital—a distinction only 5 out of 72 hospitals in New Jersey have achieved—underscores our excellence in healthcare delivery. Our Magnet recognition for nursing excellence, ranking in the 90th percentile for patient satisfaction in our state, and receiving our 8th consecutive Leapfrog-A award for patient safety are a few of the numerous achievements that fill us with pride. These honors are not just awards; they reflect our dedication to providing the highest standard of care to our community.

This is just the beginning! In the months ahead, you will see a renovated and expanded Phillips-Barber, a new Linear Accelerator and the renovation of our Cancer Center, a renovated lobby at the Medical Center, the beginning stages of our operating room expansion, the opening of our Phillipsburg Campus, and so much more.

To our donors, please accept our deepest thanks. Your support is the cornerstone of our success and the fuel that powers our mission. Together, we have created a healthcare environment that is truly exceptional. Your generosity not only supports our vision, but actively participates in the life-changing care we provide to every patient who walks through our doors. Thank you for being an integral part of our story and for making a significant impact on the lives of those we serve.

Sincerely,

Patrick J. Gavin, President & CEO
Hunterdon Health

LETTER FROM

OUR FOUNDATION BOARD CHAIR | **Suzanne Schwanda**

On behalf of the Hunterdon Health Foundation Board of Trustees, I extend our heartfelt gratitude for your generous donations in 2023. Your unwavering support plays a pivotal role in our mission to provide exceptional care and make a meaningful difference in the lives of those we serve.

Thanks to your contributions, we raised over \$6 million, enabling us to enhance our facilities, such as the emergency department and Brideside Adult Day Center. And also allowed us to provide essential programs for patients and their families in hospice, mental health, primary care, and diabetes, to name just a few.

Your commitment to our cause reflects a deep understanding of the importance of healthcare in our community. It is donors like you who empower us to reach new heights and continue our legacy of excellence in health service delivery. Please know that every dollar you have contributed directly impacts lives, offers hope, and fosters a healthier future for all.

We are inspired by your kindness and deeply appreciate your choice to stand with Hunterdon Health in our endeavors. Together, we are not just providing medical care; we are nurturing a community where every individual has the opportunity to lead a healthy, fulfilling life.

Thank you once again for your generosity and trust in our mission. We look forward to your continued support and to sharing our progress with you.

With sincere appreciation,

Suzanne Schwanda, Chair, Board of Trustees
Hunterdon Health Foundation

LETTER FROM

OUR SENIOR VICE PRESIDENT | **Phil Beekman**

On behalf of the entire team at the Hunterdon Health Foundation, I extend our deepest gratitude for your generous contributions throughout 2023.

Your unwavering support plays an instrumental role in our ability to surpass traditional healthcare offerings, providing an unparalleled level of care and service within our community. Philanthropy is the key to facilitating the growth and evolution of Hunterdon Health's services. This is where our Foundation finds its purpose, ensuring that we are not just meeting but exceeding the healthcare needs of those we serve. Your donations have empowered us to dream bigger and reach further, paving the way for groundbreaking programs and state-of-the-art facility upgrades that directly benefit our patients and their families.

Looking ahead, we are thrilled to announce the launch of our Beaming Beyond Cancer Campaign this Spring, with an ambitious goal of raising \$3 million to modernize the Hunterdon Regional Cancer Center. This endeavor is just one of the many exciting projects your support makes possible. Additionally, we are proud to report that construction on the Dr. Laurence M. Russell, Jr. Campus at Phillips-Barber has officially commenced, with the eagerly anticipated expanded facility expected to open its doors between the end of 2024 and early 2025. Our commitment to excellence will continue with the addition of new state-of-the-art operating rooms, a project kickstarted by collective pledges of \$1.5 million from Hunterdon Anesthesia Associates and MidJersey Orthopaedics.

These developments signify just a fraction of what we can achieve together. With your continued partnership, we are setting new standards of healthcare excellence, ensuring our community not only thrives but flourishes in the years to come.

Thank you for your time, attention, and continued support

Phil Beekman, Senior Vice President

CREATING SPACE FOR FIRST RESPONDERS

Daniel James “D.J.” Wright’s life is all about creating ripples. From his funeral home ministry to his charitable work, every aspect of his life centers around caring for others. So, when he saw an opportunity to invest in the first responders who dedicate their lives to caring for others, he didn’t hesitate.

D.J. made Hunterdon County his home after graduating from Drew University in 2001. Feeling called into the funeral industry, he launched his career in Flemington, serving the community that quickly became like family to him. In 2015, he bought Wright and Ford Family Funeral Home and Cremation Services and began building a reputation as a prominent, local business owner.

But D.J. has never seen that as his primary role. Community has always been the driving force behind all his endeavors, and he operates his business with a mindset of neighbors helping neighbors.

He lives out that commitment through his deep, personal involvement in several charitable causes, ranging from volunteer guardianship to domestic violence support to serving as the chair of the Hunterdon County Chamber of Commerce. And while he is active in supporting a broad spectrum of worthy causes, there’s a special place in his heart for first responders, especially those serving in Emergency Medical Service (EMS).

D.J.’s passion for the work of medical first responders was ignited when he first climbed into an ambulance as a child during a Cub Scout visit to the local police station. In college, he took his interest a step further and became an EMT himself. Through the years, he has continued volunteering his time as an EMT in Hunterdon County. Even with all his other responsibilities, he can still be found in uniform every month, doing overnight shifts, coming to the aid of his neighbors.

Recently, he showed his appreciation for these community heroes by making a significant donation to create the D.J. Wright EMS Lounge in the Emergency Department at Hunterdon Medical Center.

In late spring of 2023, the EMS community came together to celebrate the opening of the new space. Created to recognize and support the tireless work of EMTs and paramedics, the lounge offers a comfortable, designated space for them to unwind, recharge, and connect.

But it’s more than just a physical space – it’s a practical and functional haven tailored to meet the specific needs of our first responders.

There is room to relax, complete paperwork, charge electronics, and grab essentials like hot drinks and food during long shifts. And beyond its tangible offerings, the lounge serves as a communal hub where EMTs can debrief after demanding emergency calls—where they can gather, discuss calls, and work through the challenges they encounter...together.

D.J. stresses how important that is in a job that is often difficult and traumatic: “Without a common place to come together, it’s difficult to connect with one another. And sometimes EMTs just need to talk through their experiences—it helps improve their responses and release some of the stress after a difficult call. This new lounge gives EMTs that space where they can build relationships, share knowledge, and start to find healing. It’s very important in what we do.”

The D.J. Wright EMS Lounge meets a critical need to care for our first responders so they can care better for our community. That is the embodiment of D.J.’s mission in life...his philosophy of neighbors helping neighbors.

“EMS has always been about looking out for others, and this lounge is a representation of our collective responsibility to do the same. At the end of the day, we are all only as good as our fellow community members. Each of us has a role to play, and I want to know that I’m doing my little part to make the world a better place.”

With his generous donation to create the EMS Lounge, D.J. Wright cast a stone across the waters of life. And the ripples of good radiating from his investment are touching lives throughout the county every day. His life and his gift are powerful reminders of the far-reaching impact personal giving and acts of kindness can have in shaping a healthier community and a better world.

RACE TO RAISE FUNDS:

COMMUNITY RALLIES TO HELP CANCER PATIENTS

The charming town of Clinton was the setting of a race where the true winners weren't the ones who took home medals—They were the patients and families of the Hunterdon Regional Cancer Center.

Last fall, Hunterdon Heath Foundation joined forces with Main Street Half Marathon to throw a weekend-long event that would draw the community together and raise funds to help neighbors experiencing cancer. And it was a party!

The community came out in droves. Activities kicked off Saturday, October 21st, when participants collected their race packets and crowds mingled, enjoying craft brews from Sunken Silo Brew Works. Cheers filled the air as nearly 100 little superheroes-in-the-making dashed through the Red Mill Museum Village during the Superhero Sprint. The stage was set for a weekend where everyone, regardless of their interest in running, could be involved in supporting the patients at the Cancer Center.

On Sunday, 280 individuals hit the pavement for the main event, including a 4-mile run/walk and the half marathon. Volunteers from the hospital, foundation, cancer center, and community came out to show their support—setting up cheering stations, manning water stops, and providing first aid to runners along the way.

The energy was palpable along the entire route. From a bagpipe player positioned at the bottom of the hill on Old Clinton Road to adorable signs held by waving children to themed fueling stations, racers were spurred on by the crowd of volunteers and spectators.

Jill Pelonero, Director of Hunterdon Regional Cancer Center, and her team ran one of the most popular stations along the route. Their “We ‘Donut’ Like Cancer” theme featured clever handmade signs and offered racers a little boost of energy in the form of Munchkins donut hole treats from Dunkin’.

Dr. Megah Shah, physician and senior partner at Hunterdon Hematology Oncology, LLC and Hunterdon Health Foundation board member, and 10 of her colleagues from the oncology group teamed up to support the cause. One doctor tied on his running shoes and completed the half-marathon, while the others celebrated him and the other racers along the way. Their cheering station showcased stunning posters, thanks to the artistic talents of the group’s social worker, and quickly became more than a water stop. Their instincts kicked in when they saw runners struggling toward the finish, and they jumped in to offer first aid to get them on their way.

“This race, much like life, was full of ups and downs. Life throws obstacles at us... hard things like disease. But when we come together to support and care for one another, we can climb hills and cross finish lines—we can beat cancer.”

Eric Eisenhart, race organizer and founder of Main Street Half Marathon, pointed out how the event is a metaphor for life and the fight against cancer: “This race, much like life, was full of ups and downs. Life throws obstacles at us...hard things like disease. But when we come together to support and care for one another, we can climb hills and cross finish lines—we can beat cancer.”

The Hunterdon community did come together that October weekend. It wasn’t just staff and volunteers. It was high school groups, local clubs, volunteer organizations, and neighbors. They all found a role to play.

“The beauty of this whole thing is that it doesn’t matter if you’re on the pavement or the sidelines, there is a place for everyone,” Eric emphasized. “When we all come together, we can achieve great things.”

And great things were achieved that weekend. The event raised \$10,000 for the Oncology Special Needs Fund, an incredible fund that helps cancer patients

who are struggling to meet basic needs while going through treatment.

Dionne Malcolm, Practice Manager at Hunterdon Hematology Oncology, stressed the importance of this fund and the lifechanging impact it has on local families: “I’m not sure people are aware of how much families struggle financially through cancer. There are significant needs in this county. Patients are making choices between health care treatment and groceries. We don’t want them making decisions like that.”

Jill expanded on her statement: “There are people in our community who can’t pay their co-pays or their electric bills or afford a ride to treatment. It affects everyone, not just low income or underinsured families.”

That’s why this fund exists. And that’s why the Main Street Half Marathon of Hunterdon was so important.

Dr. Megha Shah summed up the experience and the purpose of the weekend: “This event was about so much more than a race; it was about creating a lasting impact on the lives of those affected by cancer.”

Uplifting and inspiring—that was the consensus on the weekend. Families ran together, friends cheered each other on, and the community gathered in unwavering support for those battling cancer. It was the best of community on display. And its success stands as a testament to the profound impact that can be achieved when people come together for a common goal.

BITESIDE REIMAGINED:

A FRESH CHAPTER FOR ADULT DAY CARE IN HUNTERDON COUNTY

Briteside is a destination for fun and healthy activity for adults (55+). They can spend a few hours or the whole day, enjoying meals together, getting active with group exercises, playing games, listening to music, and connecting in ways that promote emotional and physical wellness.

For families acting as caretakers, it offers much-needed respite and support as they navigate the challenges of caring for their loved ones. It's a place of life and freedom, rest and connection.

In 2020, during worldwide precautionary shutdowns, Briteside was also forced to close its doors. During the temporary closure, it became evident that change was necessary before reopening. The outdated interior, worn furniture, and dull atmosphere inside the building did not reflect the healthy, positive, and vibrant atmosphere the program is meant to offer.

Hunterdon Health Foundation set out to refresh the building and get the program back on its feet. Thanks to the generosity of two major donors – The Large Foundation, a local family foundation dedicated to promoting community health, and Flemington Department Store - Briteside received a much-needed facelift and is preparing to turn the page on a new era of care.

When the doors swing open and visitors step in, they'll immediately notice gorgeous new flooring throughout, donated by Flemington Department Store. Fresh paint will beckon them in, while comfy furniture invites them to stay awhile. The pristine look will offer both a comforting haven and a lively social setting that supports the vitality and worth of the people it serves.

Barbara Tofani, DNP RN NEA-BC, Assistant VP Outpatient and Ambulatory Services expressed the importance of the program and gratitude for donor support: "Briteside Adult Day Center is a place where seniors can thrive in a supportive and engaging environment. This center isn't just a facility; it's a community hub where older adults can connect, learn, and enjoy a sense of belonging. We are so grateful to our donors who have given it the fresh look and upgrades it deserves."

The next chapter for Briteside Adult Day Center is set to begin! Authored by our partners in philanthropy, an exciting story is about to unfold as Briteside is poised to reclaim its role as a vibrant source of life in our community—a true testament to the power of philanthropy to elevate care and enhance lives.

Get ready for a fresh start! After a long, unavoidable pause triggered by the pandemic, Briteside Adult Day Center will once again be opening its doors in 2024. And when it does, visitors will be greeted by a crisp, updated look.

LOCAL LEADERS SPEARHEAD \$3 MILLION INVESTMENT IN EMERGENCY PREPAREDNESS

When emergencies arise and all of life seems uncertain...where do you turn? In Hunterdon County, Hunterdon Health is that place.

More than a hospital and more than a regional medical center, Hunterdon Health has been an anchor of the community for generations. Never does that become more evident than during public emergencies.

In crises resulting from natural disasters to pandemics, the hospital becomes a base for first responders, a hub for community leaders, and a haven for community members seeking care, guidance, and help.

And now Hunterdon Health is doing even more to stand ready, thanks to the tireless advocacy of two local leaders: Senator Andrew Zwicker and Assemblyman Roy Freiman.

In a groundbreaking move, Hunterdon Health has been awarded a monumental \$3 million grant from the State of New Jersey to construct an innovative emergency management and response center—the Hunterdon Health Readiness Center. Drawn from the State's Federal Coronavirus State Fiscal Recovery Funds, this investment was supported by the Senator and Assemblyman, both of whom have long advocated for local health care resources. The project marks a significant stride towards enhancing the region's capacity to respond quickly and effectively to public emergencies.

The new Hunterdon Health Readiness Center is designed to be a versatile asset for the county, providing value and support during both routine and emergency times.

The facility will occupy approximately 20,000 square feet just north of Hunterdon Medical Center on Wescott Drive, in Flemington. During critical events, this strategic location positions the center to operate as a convenient headquarters for managing emergency operations, coordinating resources, and delivering swift responses to incident sites. In times of natural disasters, the facility can seamlessly transform into a field hospital, a point of distribution for essential supplies, or a shelter for those in need.

When there is no emerging crisis, its smart design will allow the space to double as large capacity storage for Hunterdon Health's emergency supplies, including beds, medical equipment, emergency response equipment such as inflatables, decontamination equipment, and personal protective equipment.

But beyond the impressive structural and operational plans for the Hunterdon Health Readiness Center lies a narrative that runs deeper than bricks and mortar. The visionary project serves as a testament to the unwavering dedication of Senator Zwicker and Assemblyman Freiman. Their commitment to advocating for robust healthcare and community safety resources forged the path for funding, laying the groundwork for a safer and more resilient Hunterdon County.

Their passion for this project signifies their deeply held commitment to serving local residents. Assemblyman Freiman underscored the importance of investing in public health infrastructure, especially in light of recent events such as the COVID-19 pandemic and Hurricane Ida.

"Funding awarded to Hunterdon Health will bolster our region's response to emerging crises, enabling the medical center to better serve the county's 130,000 residents," he remarked. "I'm confident that this investment will help keep our communities safe."

"Funding awarded to Hunterdon Health will bolster our region's response to emerging crises, enabling the medical center to better serve the county's 130,000 residents," he remarked. "I'm confident that this investment will help keep our communities safe."

"With this new facility, Hunterdon County will be prepared for the next natural disaster, be able to more easily address the needs of residents and make our community safer."

Senator Zwicker echoed his sentiment, "With this new facility, Hunterdon County will be prepared for the next natural disaster, be able to more easily address the needs of residents and make our community safer."

Pat Gavin, the President and CEO of Hunterdon Health, expressed anticipation for the project's local impact and gratitude for the men's visionary leadership, stating, "We're grateful that Senator Zwicker and Assemblyman Freiman understood the need in Hunterdon County. With these funds, we will be able to build a state-of-the-art facility that will have an impact for every resident in Hunterdon County in a time of need."

The collaboration between state funding, local leaders, and Hunterdon Health represents a pivotal moment for the county. The plans have long been in the making,

and with funding secured, Hunterdon Health is poised to propel the project into its next phase.

Anticipated to be fully operational in 2026, the Hunterdon Readiness Center will stand as a beacon of hope and resilience...a testament to Hunterdon Health's dedication to caring for its community in all circumstances. The \$3 million grant is not merely a monetary contribution. It is a promise of security and preparedness for local residents, showcasing the tremendous impact that thoughtful and strategic donations can have on a community's future.

CONNECTING MIND & BODY FOR WELLNESS

Mental and physical health go hand in hand. Recognizing how deeply the two are intertwined, Hunterdon Health launched the Mental Wellness Partnership Program in June 2023—a new behavioral health program that integrates care for the mind and body in exciting ways.

With support from providers in different fields, individuals with behavioral health concerns took part in a three-month program focused on mental health, fitness, and nutrition. During this period, patients followed their own personal care plans for exercise, diet, and mental health care. Customized to fit their specific needs, each plan was crafted to help them see results and create lasting habits for a healthier future. In addition to their individual efforts, they regularly gathered as a group for wellness workshops where they explored topics like journaling, forming healthy habits, and understanding how nutrients connect to mental health.

The first two groups of patients completed the program last year. The numbers and statistics highlight positive results, supporting the program's success. But perhaps more meaningful than the numbers are the signs of health and hope seen in the lives and choices of the graduates. After finishing, every participant actively sought opportunities to volunteer and support the program, looking for ways to pay forward the good they had experienced. This enthusiastic reaction is a clear display of gratitude and empowerment—both powerful and encouraging signs of mental wellness.

Stepping into 2024, the successes of 2023 propel the program forward, with new groups already underway. This powerful program and amazing community began thanks to the vision and support of caring donors. And its future will be shaped by continued support of generous folks who understand that connecting physical and mental health is essential to a healthier community.

FROM ELEGANCE TO ESSENTIALS: THE AUXILIARY'S DIVERSE ROLE IN PROMOTING COMMUNITY HEALTH

The Hunterdon Health Auxiliary knows how to throw a party to support a good cause. But their commitment to the health of the community is deeper than glamorous events and monetary contributions.

Every year, the Auxiliary's signature events draw the support and attendance of hundreds of community members. In 2023, Sapphires & Sequins raised over \$18,000 to support improvements at the Day Hospital in the Louise Leicester Center located within Hunterdon Behavioral Health. The elegant affair, which features shopping, cocktails, live auction, raffles, fashion show, and even a special VIP experience, has become a cornerstone in the Auxiliary's long history of supporting local health care.

In addition, their Lights of Love program brought in nearly \$22,000 from donors who dedicated lights in honor or memory of people who have touched their lives in a special way. The beloved tradition culminated with an annual tree lighting and presentation of the Lights of Love Awards, recognizing two individuals who have made a significant difference in the community.

The Auxiliary's investments in health extend beyond events to special initiatives designed to promote personal wellness among community members.

In late 2022, the Auxiliary launched a new Lunch & Learn series. Twice per year, they invite the community to attend these complimentary sessions focused on women's health. Each Lunch & Learn is facilitated by a Hunterdon Health care provider who covers a different relevant topic. Attendees enjoy a meal together and

learn important information about both their individual health and the diverse programs Hunterdon offers to support their personal wellness journeys. The sessions are offered in varied locations to reach women from across the County and have grown to attract nearly 100 attendees at each lunch.

Auxiliary president Lynn Coates is pleased with both the popularity and impact of the series: "The Lunch & Learn series is quickly becoming a vital platform for education, outreach, and community building. Women are gaining a better understanding of their health, learning about care solutions they didn't know were available, and discovering how they can become a member of the Auxiliary to further promote and support local care."

Whether through dazzling events or practical lunch & learns, the Auxiliary has been a longstanding and valued partner in fostering a proactive approach to wellbeing within the community. Their long history of support has been pivotal in inspiring individuals to take charge of their health. And their influence continues to grow as they find new and engaging ways to serve the community.

SCAN ME

A cancer diagnosis changes life in so many ways. Maddy Zamel's battle with breast cancer inspired her to live intentionally. And as a result, she is changing lives all around her.

In 2021, Maddy moved from New York to Hunterdon County, looking for a fresh start. She was still settling into her new life when she got her diagnosis. But the unexpected challenge didn't set her back. Still going through chemotherapy, she decided to plant her roots firmly in her new community and pursue her dream of opening a women's clothing boutique.

In March 2023, she opened the doors to Lady of Leitrim, in the town of Clinton. Naming it in honor of her late mother, who grew up in Leitrim, Ireland, Maddy envisioned her boutique as more than a clothing store. She designed it to be a sanctuary for women to gather, support one another, and inspire each other to be their best self.

"This community has made me feel so welcome and supported throughout my own cancer journey," Maddy explained. "When I opened my business, I wanted it to be a platform to give back and be more involved in the community."

In keeping with her mission, Maddy drew on her own health journey and her love for fashion to organize a chic fashion fundraiser to support patients at the Hunterdon Regional Cancer Center. Collaborating with the local Mount Salem Vineyards, she invited residents to a fashion show paired with a wine-tasting. The event, held in October for Breast Cancer Awareness Month, featured six wines paired with six outfits, each introduced by local personalities, including the town mayor.

It was a smashing success! Over 30 women attended and, through 10% of boutique sales, wine sales, and a generous matching donation, the evening raised \$1,000 to help patients and families going through cancer treatment at Hunterdon Health.

The fundraiser was not only a success in terms of bringing in dollars for Hunterdon Health but also in fostering a sense of unity and purpose within the community.

"The energy in the room that night was unbelievable. Everyone was there because they love this community and wanted to support care for cancer patients. I can't wait to do it again!"

Last year, third-party fundraisers organized by community members like Maddy, raised more than \$55,000 for various programs at Hunterdon Health. Local groups like the 4H Pink Ladies, Girl Scouts, sports teams, small businesses, and other volunteer organizations got creative, raising funds through fun activities like raffles, car washes, and so much more.

These volunteer efforts play a pivotal role in sustaining the hospital's commitment to local care. For those interested in hosting their own fundraisers, scan the QR code with your smartphone or contact Mary-Beth Smith at 908-788-6141 for more information to help you get started.

FASHION & COMPASSION: BOUTIQUE'S STYLISH FUNDRAISER BENEFITS CANCER CENTER

Behind the scenes in Hunterdon County, there is a mighty force, quietly shaping the landscape of local health care.

ENDURING IMPACT:

FAMILY FOUNDATIONS CREATE LEGACIES AND SUPPORT LOCAL HEALTH

Family foundations are creating a lasting impact that resonates in the lives of people throughout the region every day.

These charitable powerhouses are not just financial tools. They are the architects of positive change, allowing families to create legacies while enjoying financial control and tax benefits. And in 2023, 10 family foundations rallied behind Hunterdon Health Foundation, channeling nearly \$300,000 to help meet local needs and expand opportunities for care.

One of those foundations was the Lowell F. Johnson Foundation. Established by Mr. Johnson, a former pharmaceutical executive, it was formed to support medical advancements and care during his lifetime and beyond. His family proudly carries on his legacy today, as evidenced in their recent contribution to Hunterdon Health to provide transportation for patients at risk of missing medical appointments, helping them get the care they need.

It is intentional investments like these that continually improve access to care in our county. And it was one of

13 unique grants that poured into the Hunterdon Health Foundation from different family foundations last year.

Leading the charge in 2023 was The Large Foundation, generously granting four significant gifts. And coming alongside were other pillars of giving like the Lowell F. Johnson Foundation, the Holt Charitable Foundation, the J. Leonard & Brigid K. Bailey Family Foundation, The Adam F. and Judith H. Ambielli Foundation, Fargo Family Foundation, Marie G. Solis Foundation, James P. Verhalen Family Foundation Inc., The Koven Foundation, and the Ernest Christian Klipstein Foundation.

Each, reflecting the beliefs and goals of the family it represents, has its own mission and way of giving. And their investments last year were as varied as their personalities, ranging in size from \$1,500 to \$75,000. Like the Johnson Foundation, some directed their dollars to support vital programs and services such as hospice, the Child Development Center, the Brideside Adult Day Center, medical education and training, and more. While others supplied unrestricted funds, empowering Hunterdon Health to address pressing and emergent needs.

Good health and good times go hand in hand for the people of Hunterdon County...because Hunterdon Health Foundation knows how to make fundraising fun.

PUT THE 'FUN' IN FUNDRAISING

Every year, the Foundation orchestrates an impressive array of more than a dozen different events, offering local residents entertaining ways to invest in local care. In 2023, more than 1,080 neighbors participated in everything from the Auxiliary's bake sale to a derby day to a formal cocktail party, collectively raising an awe-inspiring \$558,555.

At the forefront of these efforts are the foundation's two signature events—the renowned Hunterdon Heroes Golf Classic and the sophisticated Crystal Evening Cocktail Party. Combined, the two experiences drew nearly 450 generous attendees and supporters, raising an astounding \$410,000. One highlight of the 2023 Crystal Evening was the presentation of two Spirit of Hunterdon Awards honoring Hunterdon Anesthesia Associates and goHunterdon for their outstanding contributions to health and care in this community.

While these events are memorable social occasions, their significance goes beyond the cheer and connection they bring. They are a critical component of how Hunterdon Health Foundation supports and advances care. We extend our deepest gratitude to every participant who joined in the fun and offer a special nod to major sponsors whose generous support helped make the foundation's entire suite of events possible in 2023: Atlantic Health, Cleanest Management Services, Duane Morris, NK Architects, Princeton Radiation Oncology, SEI, and Unity Bank.

Every dollar raised contributes substantially to the foundation's ability to support local care and cultivate healthier communities. Looking forward, the calendar is full this year! And we hope to see each of you at one or several of our benefits...having fun while raising funds to support local care.

Hunterdon Health

Hunterdon Health Foundation

While every effort goes into the accuracy of this report, an error can still occur. If we have made an error or omission, please accept our sincere apologies and notify us at foundation@hhsnj.org or by calling 908-788-6141 to ensure that our records are corrected.

IS YOUR NAME NOT LISTED?

It could be because:

- You made your gift after December 31, 2022, the end of the 2022 fundraising year. Gifts received on or after January 1, 2023 will be recognized in our next Report to Donors.
- You asked that your gift be anonymous.
- In effort to reduce our carbon footprint, only donors of \$1,000 or more are listed. For a complete list of donors, please visit hunterdonhealthfoundation.org
