E-NEWSLETTER

We celebrated Volunteers during Volunteer Appreciation Week April 19 - 25. Volunteers are donors too, giving their time. Collectively, they donated time valued at over \$750,000! Thank you to the many individuals who join us every day at Hunterdon Health. They are essential to our daily operations; no matter where they give back in our health system, their presence brings a level of warmth and comfort that is simply irreplaceable. We are incredibly grateful for everything they do to make Hunterdon Health feel like a community.

Building on that spirit of service, please watch the video below regarding

equipment to their operation. I'm excited to share that they met their goal and that the equipment will be available soon!

Looking ahead, Mother's Day is quickly approaching. I encourage you to dedicate a Light of Love in honor of, or in memory of the mother figures in your life.

We also have two wonderful opportunities to gather in support of our mission. On May 18th, we will be at The Ridge at Back Brook hosting our annual Hunterdon Heroes Golf Classic, a day on the course dedicated to honoring those who go above and beyond for our patients. Shortly after, on June 7th, we'll head to Duncraven Stables for our annual

our Mobile Intensive Care Unit (MICU). This essential service is a critical lifeline for our neighbors, providing hospital-level care during those first few minutes when it matters most. Seeing the unit in action really drives home the impact your support has on our emergency readiness. Also in April, the Hunterdon Health Auxiliary hosted Splash of Sparkle to raise money for essential

Derby Day. Last year, this event raised \$19,437 for Hunterdon Regional Cancer Center, and we are eager to top that goal this year with your help.

Whether through volunteering, learning about our services, or joining us at one of our upcoming events, thank you for your continued partnership and for showing up for us in so many ways.

I look forward to seeing you on the green or at the stables very soon.

With gratitude,

Phil Beekman
Senior Vice President,
Hunterdon Health Foundation

When Every Second Counts: Inside our Mobile Intensive Care Unit

When a crisis happens, every second is a lifeline. Our Mobile Intensive Care Unit (MICU) is more than just a transport vehicle—it's a fully equipped critical care suite on wheels. Check out our latest video to see how this advanced technology allows our expert team to begin life-saving hospital treatments right at the scene.

What's Happening at Hunterdon Health Foundation?

This National Volunteer Appreciation Week (starting April 19th), Hunterdon Health is saying a sincere "thank you" to our community of volunteers who make our hospital feel like home. From the friendly faces at the Information Desk and the Gift Shop to those providing quiet support in Hospice and our Cancer Center, these volunteers are the thread that connects our healthcare system to the community we serve. Whether you've seen them captaining the Tea Trolley, helping with Pet Therapy, sorting treasures in our Thrift Shop, or lending a hand in one of our many other departments, their personal touch defines the Hunterdon...**(cont.)**

On Sunday, June 7, 2026, riders, families, and friends will gather once again at Duncraven Stables in Titusville, NJ, for a day that blends competition with compassion.

Hosted by Katie Benson in memory of her late husband, Jack Benson, Briarwood Derby Day is more than just an equestrian event—it is a living tribute to Jack's legacy and a vital fundraiser to ensure that local cancer patients receive the high-quality care they deserve. This year, the community aims to build on the incredible momentum of the previous event, which raised \$19,437 to support those in need...**(cont.)**

Beaming Beyond Cancer: HRCC Construction Update

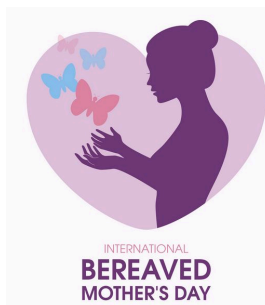

Phase 1 is entering its final stretch! We are on track to wrap up this initial stage by mid-May, having already completed renovations on our medical oncology physician offices, a new staff lounge, and one of our radiation oncology rooms. These foundational updates ensure our team has the modern space they need to focus entirely on patient care.

The momentum continues on May 18 as we officially transition into Phase 2. To make way for these improvements, our infusion services will temporarily move to the oncology rehab space. Take a look at the new renderings for a first glimpse of the McGuire Atrium and our future infusion area—we can't wait to see these spaces come to life.

Hospital Corner

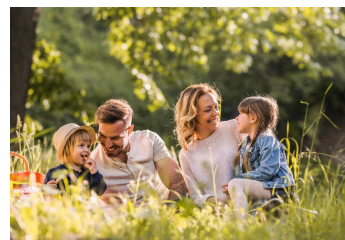

International Bereaved Mother's Day, a day to honor mothers who have lost a child, is observed on the first Sunday of May each year. This year, Hunterdon Medical Center will be hosting a remembrance ceremony on May 3rd from 2:00 p.m. – 3:00 p.m. for all those who have experienced a miscarriage, ectopic or loss of pregnancy. This event will be held at Mine Brook Park Pavilion, 116 Capner Street, Flemington... **(cont.)**

Let's talk about something many people avoid but shouldn't. Bladder control concerns are extremely common and, in most cases, treatable. You're not alone, and help is available.

Join us for a free, anonymous educational webinar to learn about bladder health and the treatment options offered by Siobhan Hartigan, M.D., a board-certified urologist... **(cont.)**

Sneezing, runny nose, itchy eyes and congestion? As the trees and flowers begin to bloom and blossom, so do spring allergies. If over-the-counter antihistamines, nasal sprays and decongestants don't relieve discomfort, see a healthcare provider to help you get relief. Hunterdon Health Urgent Care is open evenings, weekends and holidays. Walk right in or reserve a spot online at hunterdonurgentcare.org at one of our convenient locations in Flemington and Raritan.

A Light for Mom, All Year Long

Mother's Day is a time to reflect on the women who shaped us, and our **Lights of Love** tributes offer a meaningful way to keep those memories close. By dedicating a light this year, you're creating a lasting tribute to a mother, grandmother, or mentor that shines all year long. It's a simple, beautiful way to say "thank you" or "I remember," while helping us continue our work in the community.

Dedicate a Light of Love!
