

E-NEWSLETTER

Summer is in full swing here at Hunterdon Health Foundation, and while we're taking time to enjoy the warm weather, our team is already buzzing with excitement as we prepare for one of our favorite times of the year. Fall will be here before we know it, and we are officially gearing up for a weekend of community, fitness, and family fun that you won't want to miss.

The Main Street Half Marathon and 4-Miler, is set for Sunday, October 18th! Whether you are lacing up your sneakers to run, walking alongside friends, raising your voice to cheer on the participants, or giving your time as a volunteer, there is a place for

petting zoo, a kids' costume contest, and so much more! The Superhero Sprint will kick off at 2:30 PM for our youngest heroes. While Hunterdon Health Fall Fest is open for the whole community to enjoy, registration is required for kids participating in the Superhero Sprint—so be sure to sign them up in advance. You can find all the details and links for the weekend below!

In addition, I am excited to introduce a brand-new initiative we are launching this month: our Fireside Chat video series. Through these relaxed, conversations, we're sitting down with the inspiring leaders who make Hunterdon Health so exceptional. It's a great opportunity to pick their brains, hear their

everyone to be part of this special tradition supporting the Hunterdon Regional Cancer Center. Registration is open now, and I strongly encourage you to sign up early, start gathering your teams, and begin training!

The excitement begins the day before on Saturday, October 17th, and we could not be more thrilled to invite you to the newly reimagined Hunterdon Health Fall Fest, featuring the Main Street Half Marathon Expo and Superhero Sprint. We're turning race packet pickup into a full community festival packed with local vendors, food trucks, a

passion, and give you an exclusive, inside look at the heart and future of our health system—including the powerful impact philanthropy has across our entire community. Our very first episode is featured below.

None of these events, programs, or moments of connection would be possible without your incredible, ongoing support. You are the reason our health system continues to thrive, innovate, and bring our community together year after year.

Thank you for your steadfast generosity, and I hope you continue to have a wonderful, safe, and relaxing summer with your families. I look forward to seeing many of you—on the race course and at Fall Fest—very soon!

With gratitude,

Phil Beekman
Senior Vice President,
Hunterdon Health Foundation

Pull Up a Chair: Introducing Our Fireside Chat Series

Want a closer seat at the table? We're launching our new *Fireside Chat* series—unscripted, candid conversations with the heart and soul of our health system.

In our debut video, Director of Community Health Kim Blanda opens up about the powerful community programs you might not know we offer, and why serving Hunterdon County is so personal.

What's Happening at Hunterdon Health Foundation?

On June 7th, riders, families, and friends gathered at Duncraven Stables for the 16th Annual Derby Day, raising \$25,000 for Hunterdon Regional Cancer Center. Hosted by Katie Benson in honor of her late husband, Jack, the milestone event gave spectators and supporters a platform to make real-time pledges that directly fuel life-changing programs and support services for local cancer patients...**(cont.)**

Demolition in Motion— Beaming Beyond Cancer Phase II Progress

Exciting progress is happening every day at **Hunterdon Regional Cancer Center** as construction moves full steam ahead into Phase II! As you can see in these behind-the-scenes photos, crew members are actively clearing out and demolishing the former infusion area to prepare for our state-of-the-art renovation. To make room for this work while maintaining high-quality care, our infusion suites have temporarily moved into the Oncology Rehab space. Every wall torn down brings us one step closer to bringing our community the healing environment our patients deserve—and **your support** is what makes every hammer swing possible!
