Hunterdon Health Foundation

E-NEWSLETTER

Last week, you may have heard the news that Hunterdon Health and Hackensack Meridian Health signed a letter of intent for a proposed merger. This proposed partnership between two mission-driven organizations, is designed to enhance patient care, expand access to services, and accelerate innovation, all for the benefit of the patients in our community. I want to personally reassure our donors that your giving remains entirely local. Every dollar you contribute directly benefits *this* community and our frontline services, and will continue to do so into the future.

Alongside these community gifts, our focus is already turning toward our flagship fall events, most notably the Main Street Half Marathon and 4-Mile Walk coming up this October 17th and 18th, and the Crystal Ball on November 14th.

We are especially thrilled to announce that on October 17th, our Superhero Sprint and packet pickup is expanding into an area-wide community day! We are gearing up for an unforgettable afternoon packed with local vendors, food trucks, pony rides, and plenty of interactive activities for the kids. We will be releasing more specific details very soon, but we encourage you to start gathering your teams and training now.

That local support has been on full display recently through several wonderful community partnerships. We are deeply grateful to Ciocca Subaru of Flemington for their generous "Share the Love" event donation, which will directly fund our Patient Transportation Fund. As a result of this gift, patients will benefit from vital rides to medical appointments. Additionally, the Hunterdon County Sheriff's Office stopped by with a donation to support our Hunterdon Regional Cancer Center.

These milestones and community celebrations are only possible because you continue to choose to stand by us. As we navigate this exciting new chapter of growth alongside Hackensack, our core mission remains unchanged: delivering exceptional, compassionate care right here in Hunterdon County. Your involvement is the driving force that makes a difference in this community every day.

Looking ahead, the arrival of summer gives us a great opportunity to safely enjoy everything our beautiful region has to offer. I want to wish all of you a wonderful, fun, and safe summer ahead with your families and loved ones.

With gratitude,

Phil Beekman
Senior Vice President,
Hunterdon Health Foundation

Hunterdon Health and Hackensack Meridian Sign Letter of Intent For Proposed Merger

Hunterdon Health and Hackensack Meridian Health announced they have signed a letter of intent regarding a partnership between the two mission-driven organizations, designed to enhance patient care, expand access to

services, and accelerate innovation all for the benefit of their patients and communities...(cont.)

What's Happening at Hunterdon Health Foundation?

The Hunterdon County Sheriff's Office recently presented a check to Hunterdon Regional Cancer Center following their annual No-Shave November event being backed and supported by Sheriff Frederick Brown. The funds will go directly toward the center's patient support services, which help local families navigate the immense financial and emotional hardships that come with a cancer...(cont.)

Hunterdon Health Foundation is proud to announce a generous \$8,890 donation from Ciocca Subaru of Flemington, made possible through the annual Subaru Share the Love Event. The funds will directly benefit the Patient Transportation Fund, ensuring local patients have access to reliable rides for critical medical appoint...(cont.)

The Hunterdon Health Auxiliary donated \$50,000 to the Mobile Intensive Care Unit (MICU) to fund a new blood transfusion machine. This advanced equipment will allow emergency medical teams to administer blood directly at the scene of an emergency, providing a critical, life-saving intervention before a patient even reaches the hospital. The funds were raised through the...(cont.)

Beaming Beyond Cancer Update— Moving Into Phase II

Our **Beaming Beyond Cancer Campaign** is officially moving into Phase II, and the transformation of Hunterdon Regional Cancer Center is moving fast thanks to your incredible ongoing support! Renovations are now complete on our medical oncology physician offices, a brand-new staff lounge, and one of our radiation oncology rooms. To keep this momentum going and make way for the next round of improvements, our infusion services have temporarily transitioned into the oncology rehab space so construction can forge ahead safely. We still need your help to cross the finish line, so please consider **making a gift today** to directly impact how quickly we can bring these world-class, comforting new spaces to life for our patients.
